The Five-Minute Conversation

Say less. Show one thing. Send one thing. The documents do the explaining; you only open the door and keep it honest. Read each line as it is written — the words are the house words.

Minute	What you say	Why
1 · Open	"I use a software product that trades digital money for me. Can I show you how it works in five minutes, and then send you the plain-words guide? If it is not for you, that is fine."	Permission first. No pitch, no pressure.
2 · What it is	"You buy a **module** of the Delta One AI trading engine, from 1,000 USDT, paid in USDT. The engine trades; your module gets its share of each day's trading result, every day at twelve noon UTC."	A purchase of software, never a deposit.
3 · The number	"On average about 0.50% a day. On a 1,000 USDT module that is about 5 USDT a day. Some days nothing, some days more. It is an average over time, never a promise."	Say 'average' every time you say a number.
4 · The two rules	"Every module delivers at most 2× its price, price included — on 1,000 USDT, 2,000 USDT — and then it ends. The price itself is not refundable; only results can be withdrawn. So only use money you can afford to lose."	The cap and the lock, before any excitement.
5 · The ask	"Shall I send you the plain-words guide and the five-minute cartoon? Read them, then tell me your questions." Then stop talking.	The documents and the cartoon close, not you.

Say it this way, not that way

Say	Never say	Say	Never say
purchase, module, price	deposit, invest, capital	result, daily result, rewards	return, interest, yield, ROI
rebuy, Auto-Rebuy	reinvest, compound, roll over	on average · not a promise	guaranteed, safe, fixed
it ends at 2× (2.2× for a Believer)	it keeps paying	commission, from the plan's own share	passive income, residual, bonus

- **The Plan in Simple Words** and **Module Key Facts** — one idea per page, in 20 languages.
- **The Seed Farm** cartoon (five minutes) and, if they ask about rebuying, **I'm a Believer**.
- **The Module Calculator** — any size, any average, the price-back and 2× dates.

Three things you never do

- **No income claims.** Not about modules, not about the plan. Most members earn no commission at all.
- **No promises.** Days vary from zero to several percent; the average can change; nothing is guaranteed by anyone.
- **No pressure.** If they need the money, or an answer today, the answer is no — and that is a good outcome.

Draft for legal and compliance review. Not an offer. Figures are hypothetical illustrations at the engine's average daily result, not guarantees or typical results. Capital is at risk.
